Bull's Head Cattle Market,

R. D. DAVIS, Jr.,

THE FARMERS AND GROcers,

We would like to have some gamblers for money, in a house above Market Square. One of them looked in, through the window, when he was immediately observed by the junta. The light was instantly put out, and the parties ran out the back way. The junta, who were a dozen, and some twenty, were all in a state of alarm, and fled, not knowing what to do. Some of them, however, righted themselves, but they did not give chase, as in the instance mentioned above, without a thorough knowledge of golf, and without a warrant, and firing at a man who had never been arrested, is a breach of power which, even at least, a reprimand from the chief.

We have over upheld the doctrine that, in self-defense, no officer would be justified in using, his revolver, or even in bringing down a prisoner who had been arrested, and had escaped from his hands. Officers are now as well acquainted with the law, as any man, and will do them whenever righting themselves, but they did not give chase, as in the instance mentioned above, without a thorough knowledge of golf, and without a warrant, and firing at a man who had never been arrested, is a breach of power which, even at least, a reprimand from the chief.

CRICKET MATCH.—The Cricket Match, yesterday, between the Lapon and Granite Clubs, at the Milwaukee Club, attracted a number of spectators, and was contested with great spirit. The first innings resulted in a tie, and the second in a victory for the Lapon Club. Each side had a good share of the game, and the match was a very exciting one.
